

The purpose of this policy is to outline the procedures our school has in place to respond to complaints or concerns relating to child abuse and to ensure that all staff and members of our school community understand and follow the various legal obligations that apply to the reporting of child abuse to relevant authorities.

This policy applies to complaints and concerns relating to child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the college (physical and online).

Child abuse

Child abuse includes:

- physical violence inflicted on a child
- sexual offences committed against a child
- grooming of a child by an adult
- family violence committed against or in the presence of a child
- serious emotional or psychological harm to a child
- serious neglect of a child.

The definition of child abuse is broad and can include student to student incidents and concerns, as well as behaviour committed by an adult.

Grooming

Grooming is a criminal offence under the *Crimes Act 1958* (Vic) and is a form of child abuse and sexual misconduct. This offence targets predatory conduct undertaken by an adult to prepare a child, under t

All staff play an important role in supporting student safety and wellbeing and have a duty of care to take reasonable steps to prevent reasonably foreseeable harm to students.

Fulfilling the roles and responsibilities in the above procedure does not displace or discharge any other obligations that arise if a person reasonably believes that a child is at risk of child abuse. This means that if, after following the actions outlined in the procedure, a staff member reasonably believes that a child remains at risk of abuse, they must take the following steps:

- if they are concerned that the college has not taken reasonable steps to prevent or reduce the risk, raise these concerns with the College Principal

This policy was last updated in August 2022 and is scheduled for review in August 2024 by College Council.

If charged with not making a mandatory report, it may be a defence for the person charged to prove that they honestly and reasonably believed that all of the reasonable grounds for their belief had been the subject of a report to child protection made by another person.

The identity of a person who reports any protective concerns to DFFH Child Protection is protected by law. It is an offence for a person, other than the person who made the report, to disclose the name of the person who made a report or any information that is likely to lead to their identification.

At our school, all mandated school staff must undertake the *Mandatory Reporting and Other Obligations eLearning Module* annually.

The policy of the Department of Education and Training (DET) requires all staff who form a reasonable belief that a child is in need of protection to discuss their concerns with the college leadership team and to report their concerns to DFFH and in some circumstances to Victoria Police, or to ensure that all the information relevant to the report has been made by another school staff member.

Any person can make a report to DFFH Child Protection (131 278 – 24 hour service) if they believe on reasonable grounds that a child is in need of protection even if they are not a mandatory reporter listed above.

At Mount Waverley Secondary College we also encourage [staff to make a referral to Child FIRST/Orange Door](#) when they have significant concern for a child's wellbeing. For more information about making a referral to Child FIRST/Child FIRST see the Policy and Advisory Library [Protecting Children – Reporting and Other Legal Obligations](#).

The Reportable Conduct Scheme is focussed on worker and volunteer conduct and how organisations investigate and respond to suspected child abuse. The scheme aims to improve organisational responses to suspected child abuse and to facilitate the identification of individuals who pose a risk of harm to children.

There are five types of 'reportable conduct' listed in the *Child Wellbeing and Safety Act 2005*:

- sexual offences against, with or in the presence of, a child
- sexual misconduct (which includes grooming) against, with or in the presence of, a child
- physical violence against, with or in the presence of, a child
- behaviour that causes significant emotional or psychological harm to a child
- significant neglect of a child.

This may include removing the adult (ie persons aged 18 years and over) from working with children pending an investigation and reporting your concerns to Victoria Police.

If a school staff member in a position of authority fails to take reasonable steps in these circumstances, this may amount to a criminal offence.
